

University of Kentucky / UK HealthCare Policy and Procedure	Policy PH09.03.100
Title/Description: Teaching Requirements – Pharmacy Residents	
Purpose: To establish standardized teaching requirements for Pharmacy residents	

1. Teaching Requirements

- a. PGY1 and PGY2 residents
 - i. Precept or co-precept all students on rotation with the preceptor
 - i. Laboratory facilitation for 16 contact hours per year or analogous experience (teaching assistant, etc.)
 - ii. Lectures (in-class teaching) as specified by program year
- b. Laboratory Facilitation
 - i. Residents will facilitate 8 hours of contact time per semester of laboratory for UK College of Pharmacy professional students or participate in an analogous experience. Program directors will work with their residents to select optimal teaching activities. The dates and times for laboratory facilitation must be distributed to the Chief Resident no later than August 1 for distribution to program directors. These dates, times, and topics are to be developed collaboratively with College of Pharmacy patient care laboratory faculty. Those residents working as teaching assistants should proactively communicate expectations of the current learning experience to the faculty/course coordinator and the typical activities as a teaching assistant to their RPD.
- c. Lectures
 - i. PGY1 residents will prepare and deliver a minimum of 2 contact hours of classroom time at the UK College of Pharmacy or other health colleges per year. Topics and expectations will be provided to residents no later than 1 month prior to the scheduled class.
 - ii. PGY2 residents will prepare and deliver a minimum of 2 contact hours of classroom at the UK College of Pharmacy or other health colleges per year. Topics will primarily be in the resident’s area of focus within the Advanced Therapeutics Courses or other relevant courses. Topics will be provided to residents by their program directors no later than 1 month prior to the scheduled class.

2. Additional Requirements

- a. All pharmacy residents will be encouraged to complete the Teaching and Learning Program (TLP). Teaching activities fulfilled by the TLP will count toward the minimum annual teaching requirements. Residents who have already completed a certificate program at another site do not have to complete the UK TLP but still engage in the teaching requirements as detailed above.

Persons and Sites Affected

Enterprise Chandler Good Samaritan Kentucky Children's Ambulatory Department
