

UK COLLEGE OF PHARMACY

# STAFF ANNUAL REPORT

2020 & 2021

Prepared by  
Angela Keene & Kristie Colón

# LETTER FROM THE DEAN

Dean R. Kip Guy

We have all been affected by what is happening in our world right now. No matter your politics, religion, or identity, this last year has been difficult. We cannot pretend otherwise. However, I have seen this community, and specifically our staff, rise to the challenge. You are patient with each other, working to live well together. And you have never once given up.

To have a community like this that supports one another, we must be intentional. It is on all of us to do the work. You are working to recognize the unique burdens each person in our community carries and act to support each person, according to their unique needs, simply because it matters to us that they are okay. We will continue to come together and take care of each other. And we will continue to push for greatness in the midst of turmoil. Thank you for everything you have done to get us to this point.

I am proud to be part of such an exceptional community.

Thank you for all your do.
