

# Independent Pharmacy Practice Advancement Fellowship

## About the Fellowship:

The American Pharmacy Services Corporation Foundation (APSC) - UK College of Pharmacy (UKCOP) Independent Pharmacy Practice Advancement fellowship is designed for graduates interested in independent community pharmacy ownership/management with a passion for promoting the expansion of the pharmacist's role in patient care. With two 6 month longitudinal rotations fellows will receive immersive first-hand experience in ownership and advocacy. The rotations will provide opportunities to engage in implementation of new pharmacy services, learn more about independent pharmacy ownership, and advocate for the profession.

## Develop Skills and Knowledge in 5 Key Domains

Community Pharmacy Practice

Advanced Practice Implementation

Professional Advocacy

Continuing Professional Development

Independent Pharmacy Management

## Application Process:

Applications will be accepted on a rolling basis until the position is filled.
